About Beer/Microbrew (Paul Z)

- History
 - <http://en.wikipedia.org/wiki/Microbrewery>
 - brewhist1
 - basic, brief history of microbrewing
 - This encyclopedia article gives a great overview of the history of microbreweries and how they fit into United States history. Additionally, the article also provides information about brewbups, craft beer, and nanobreweries.
 - <http://www.drinkfocus.com/articles/beer/beer-trends/growth-of-microbreweries.php>
 - brewhist2
 - origins of microbrewing
 - This article, provided by drinkfocus.com, is a resource that concentrates more on the origins of microbreweries and how they were influenced by prohibition. The article is brief and well organized making it a fun and easy read to learn a bit more about the history of beer.
 - <http://www.brewersassociation.org/pages/about-us/history-of-craft-brewing>
 - brewhist3
 - history of craft brewing
 - This is an article provided by the brewers association and it covers the history of craft brewing and how beer production has developed into something that can be considered more of a culinary artform. The article is a bit lengthy but it is very interesting and informative.
 - http://beeradvocate.com/beer/101/history_american_beer
 - brewhist4
 - brief history of American beer

- This link is to a page on beeradvocate.com that provides a brief history of American beer starting with the Virginia colonists brewing ale with corn in 1587 all the way to the present day. The history on this page is displayed in a timeline format making it easy to browse through to get a good understanding of how beer production has developed throughout American history.
- http://www.beerhistory.com/library/holdings/raley_timetable.shtml
 - brewhist5
 - a concise timeline of the history of beer, site also has additional info about beer history (similar to the beer advocate link, focuses more on ancient beer history not just american)
 - Much like the link by beeradvocate.com this entry is a timeline of the history of beer. The link however gives information about beer starting 4300 BC, rather than just concentrating on beer in American history. This site helps give perspective of the long history that beer has.
- <http://www.beer100.com/history/beerhistory.htm>
 - brewhist6
 - comprehensive history of beer throughout all time
 - This lengthy article gives a rather comprehensive history of beer in general. It also provides information about the origins of the word "beer."
- Basic Info
 - <http://en.wikipedia.org/wiki/Microbrewery>
 - brewinfo1
 - great basic resource for info about microbrew
 - This Wikipedia article is a great resource to learn some basic information about what microbrew is and how it differs from the mass produced beers. The article is fairly brief and it covers many of the basic facts concerning microbreweries.
 - http://beeradvocate.com/respect_beer/
 - brewinfo2

- great article about taking beer seriously
- This is a fantastic article provided by beeradvocate.com that should help people understand how to “respect beer” and appreciate it as a well crafted beverage rather than just using it as a way to get drunk. The article also covers ways of making sure that you are enjoying your microbrew hobby responsibly.
- <http://beeradvocate.com/beer/101/>
 - brewinfo3
 - very comprehensive resource for everything microbrew
 - This is a link to the “beer 101” page on beeradvocate.com. This page provides a vast amount of useful links covering the basics of beer, beer advocacy, beer history, food and beer, home brewing, as well as articles devoted to the different types of beers.
- <http://dsc.discovery.com/tv/brew-masters/>
 - brewinfo4
 - discovery channel show
 - This is a link to Discovery’s documentary style show about dogfish head brewery. It is great show that gives you a glimpse into what its like at a microbrewery. This site has clips of the show as well as a link to a place where you can watch full episodes.
- <http://www.sandiegobrewersguild.org/>
 - brewinfo5
 - resource for microbrewing in san diego
 - This site provides useful information about microbreweries and events in the local San Diego area. This is a great resources if you want to learn more about what’s going on in the microbrew community in the San Diego area.
- Beer Styles
 - <http://beeradvocate.com/beer/style>
 - brewstyle1
 - great comprehensive resource listing the different styles

- This page, provided by beeradvocate.com, is a comprehensive resource listing all the different styles of beer. Each link on this page has a description of the type of brew as well as some of the top rated beers of that type.
- <http://www.beermonthclub.com/beerstyleguide.htm>
 - brewstyle2
 - more comprehensive information about different types of beer
 - This site provides a much more comprehensive outline of all the different types of beers. It divides brews up into ales, lagers and hybrids. Then there is further explanation of each type within those categories.
- <http://www.bjcp.org/styles04/>
 - brewstyle3
 - Style guidelines
 - This page provides a variety of links that show specific and strict guidelines for what traditionally accounts for brews being divided up into different categories. This site provides the most in depth description of brew going as far as stating the percentage of alcohol each style has as well as at what temperature it should be stored.
- Distinguishing Differences / Beer tasting Info
 - <http://beeradvocate.com/beer/101/taste>
 - brewtaste2
 - How to taste beer
 - This is a short article provided by beeradvocate.com that helps people learn the proper way to go about tasting a craft brew. It discusses in detail the different steps one should take including: looking, agitating, smelling and then finally tasting.
 - <http://beeradvocate.com/articles/637>
 - brewtaste1
 - article covering how to taste beer

- This is yet another informative article provided by beeradvocate.com that discusses how to go about reviewing a beer. It goes into the different conventions of considering the quality of the brew and shows the five basic qualities one should be looking for: appearance, smell, taste, mouth feel, and drinkability.
- http://en.wikipedia.org/wiki/Beer_style
 - brewtaste3
 - Wikipedia article talking about the different aspects of beer
 - This is an encyclopedia type article that goes into a great amount of detail of the different aspects of beer. The article discusses both the way the brew takes on the different characteristics in the brewing process as well as the way those qualities will manifest themselves in the finished product.
